

## **Workshop 04: Extending supervision skills to grow a bold dietetic workforce**

Thank you for signing up for the workshop titled '*Extending Supervision Skills to Grow a Bold Dietetic Workforce*'.

We are excited to be delivering this workshop face to face this year and looking forward to discussing your supervision-related experiences. We don't have any requirement for pre-readings; we will provide links to relevant resources and readings for further learning on the day.

We would value your completion of a pre-workshop survey to help us understand your supervision context and enable us to tailor this workshop to the needs of the group. It only takes approximately 5 minutes to complete via this link:

<https://forms.office.com/r/Gm50nsKnCe>

Given the conference is not far away, could you please complete this survey by **COB Friday 5<sup>th</sup> August**. This will enable us to make as many modifications as possible to suit the diverse needs of the group.

Thanks in advance,

Nicole Murray and Sarah Meiklejohn
